WALKING STICK

FT2502

Walking Stick

Walking sticks are great mobility aids for individuals that don't require the full assistance that a walker or rollator can provide. In most cases, a cane can assist the user in getting up and supporting weight on one or both of their legs.

Product Specifications

Overall Height	77 cm - 99.5 cm 30.3" - 39.2"
Base (Diameter)	4 cm or 1.6"
Material	Aluminium
Safe Working Load	120 kg
Overall Weight	0.4 kg
Country Of Origin	Made in China

Handle

For illustration purposes only

Product Features

- Lightweight Aluminium Frame
- 1 Legged
- Adjustable Height
